

## Motor Vehicle Questionnaire

To correctly assess commercial motor vehicles that have been modified and/or trailers that are not available in NADA valuation guides, additional information is requested. Please include copies of the original invoice or purchase agreements with this questionnaire. Data obtained will be used to establish fair and equitable assessment valuations in accordance with CT State Statute Sec. 12-71d. The Assessor shall review and notify the owner if a change in assessment is warranted. The Board of Assessment Appeals will meet in September for the purpose of hearing motor vehicle appeals. Taxes are due on the date indicated on tax bill.
