BUILDING PERMIT APPLICATION

You, the owner, agent, or applicant, are responsible to call the building department at 860-342-6727 or 860-342-6728 for all required inspections, including final inspection, prior to occupancy.

MINIMUM REQUIRED INSPECTIONS:

Soil/footings: Forms in place prior to placing concrete

Foundations: Rebar inspection

Backfill: Forms stripped, water-proofing applied, and drains installed

Underslab: Rough electrical, mechanical, and plumbing with appropriate tests
Vapor barrier in place prior to concrete placement

Electrical, plumbing, and mechanical: Rough-in, tests, and fire-stopping

Framing: Have truss specification sheets on site, also includes fire/draft blocking and stopping systems

Insulation: Prior to drywall

Acoustical ceiling: Grid installed, fixtures supported, all trades utilizing space completed, prior to installation of tiles.

Final inspection: All trade work completed and final testing of systems has been witnessed and approved by the Authority Having Jurisdiction.

Other comments: _____

CERTIFICATION OF COMPLIANCE/USE This is to certify that the work on this structure as described in this permit is complete and in substantial compliance with the Connecticut State Building Code as amended in 2009.
